| 5. Mexico | 14. Thailand |
| 6. Brazil | 15. Indonesia |
| 7. Chile | 16. Papua New Guinea |
| 8. Ireland | 17. Antarctica (Australian client) |
| 9. Sweden | |

Our Business

Collaboration is the cornerstone of our business.

Mammoth Equipment and Exhausts is a company that bases its entire foundation on open collaboration with clients and stakeholders to achieve the best possible outcomes for every project.

Mammoth's proven ability to effectively deliver on client's desired outcomes through a variety of solutions is underpinned by our core values and working together with our clients.

At Mammoth we acknowledge that, while the end product is important, the journey forms a significant part of the overall success of a project, product or service.

Our diverse team performs with high tenacity and technical ability, enabling the organisation to tackle complex projects and high demand, empowered with a genuine desire to understand and work with our clients and stakeholders to realise their vision and outcomes.

For this reason our teams are afforded the opportunity to deliver some 'world-first' products and solutions to the industry.

Our Clients. Our People. Our Values. Our Culture.

Our values underpin our success as a company:

Continuous Improvement:

- ✓ Take a Kaizen approach to product and service improvement
- ✓ Proactively find ways to operate at higher efficiency, reduce or eliminate waste
- ✓ Diversify and innovate our product offering leveraging the resources of the organisation.

Achieve – 'Whatever It Takes' Attitude:

- ✓ Safety – Zero Injuries, Zero Fatalities.
- ✓ Quality
- ✓ Innovative Solutions
- ✓ Convenience
- ✓ Price – Reducing Total Cost of Ownership

Deliver and Enhance Value:

- ✓ Proactively test and implement improvements to the value chain
- ✓ Review project outcomes in the interest of continuous improvement
- ✓ Listen, communicate and work with the client offering transparency and supporting content.

Commitment:

- ✓ To remain the industry leader for exhaust, air intake thermal and emission control products through innovation and client feedback.
- ✓ Integrity
- ✓ Deliver on our promises
- ✓ Participate and give to charities, local communities and services

Management Systems

Mammoth Equipment & Exhausts' Management Systems are designed to ensure; the protection of the environment, highest quality work and the highest possible safety standards.

These disciplines are embedded in our culture and prevail across our Global operating divisions through the professionalism, experience and commitment of our personnel.

As a company built upon the principles of excellence, safety and quality we are acutely aware of regulatory and legislative responsibilities and take these very seriously.

Our management systems are formed around the highest industry standards and principles such as;

- ✓ ISO 9001 Quality Management
- ✓ ISO 14001 Environmental Management
- ✓ ISO 22241 Diesel Exhaust Fluid
- ✓ AS 1019 Spark Arrestors
- ✓ AS 1554 Welding
- ✓ Six Sigma Management Practices
- ✓ Kaizen Continuous Improvement Cycle

Mining Industry (Open-cast and Underground) Civil and Earthmoving

Mammoth Equipment & Exhausts is the Mining Industry's preferred solution provider.

At Mammoth we strive to remain market leaders in our field and are renowned for delivering, proven, quality products to the mining industry. Our continuous improvement policy forces us to remain innovative and competitive in providing products and solutions for;

- ✓ Heavy duty exhaust
- ✓ Air intake
- ✓ Thermal blankets
- ✓ Emission control (Diesel Particulate Filters)
- ✓ Sound attenuation

Mammoth Equipment and Exhausts boasts customised and standard solutions in individual and kit packages.

- ✓ Our hands on Research and Development team are on the front-line.
- ✓ Renowned quality and competitive prices.
- ✓ Global prompt and convenient delivery.

Developed and supported by 40 years of experience working with maintenance personnel on sites drive down costs and minimise downtime.

Transport Industry

Mammoth Equipment & Exhausts is a household name to the Transport Industry.

At Mammoth we strive to remain market leaders in our field and are renowned for delivering, proven, quality products to the Transport industry. Our continuous improvement policy forces us to remain innovative and competitive in providing products and solutions for;

- ✓ Heavy duty exhaust
- ✓ Chrome stacks and accessories
- ✓ Universal components
- ✓ Emission control (SCR Replacement Mufflers)
- ✓ DPF cleaning
- ✓ Thermal blankets
- ✓ AdBlue ® Diesel Exhaust Fluid supply and storage solutions

Mammoth Equipment and Exhausts boasts customised and standard solutions in individual and kit packages.

- ✓ Our hands on Research and Development team are on the front-line.
- ✓ Renowned quality and competitive prices.
- ✓ Prompt and convenient delivery.

Developed and supported by 40 years of experience working with owners and operators to personalise and maintain their equipment.

Marine Industry

Mammoth Equipment & Exhausts is a specialist supplier to the Marine industry.

At Mammoth we strive to remain market leaders in our field and are renowned for delivering, proven, quality products to the Marine industry. Our continuous improvement policy forces us to remain innovative and competitive in providing products and solutions for;

- ✓ Heavy duty exhaust
- ✓ Universal components
- ✓ Thermal blankets

Mammoth Equipment and Exhausts offer tailored solutions to any marine vessel

- ✓ Our hands on Development team are on the front-line.
- ✓ Renowned quality and competitive prices.
- ✓ Customised requirements
- ✓ Prompt and convenient delivery

Developed and supported by 40 years of experience.

Agricultural Industry

Mammoth Equipment & Exhausts is a household name in the Agricultural Industry

At Mammoth we strive to remain market leaders in our field and are renowned for delivering, proven, quality products to the Transport industry. Our continuous improvement policy forces us to remain innovative and competitive in providing products and solutions for;

- ✓ Heavy duty exhaust
- ✓ Air intake
- ✓ Universal components
- ✓ Emission control (SCR Replacement Mufflers)
- ✓ DPF cleaning
- ✓ Thermal blankets
- ✓ AdBlue ® Diesel Exhaust Fluid supply and storage solutions

Mammoth Equipment and Exhausts offer tailored solutions to any diesel farm equipment.

- ✓ Our hands on Research and Development team are on the front-line.
- ✓ Renowned quality and competitive prices.
- ✓ Prompt and convenient delivery.

Developed and supported by 40 years of experience working with farmers to maintain their equipment.

Energy Industry

Mammoth Equipment & Exhausts is a specialist supplier to the Energy industry.

At Mammoth we strive to remain market leaders in our field and are renowned for delivering, proven, quality products to the Energy industry. Our continuous improvement policy forces us to remain innovative and competitive in providing products and solutions for;

- ✓ Heavy duty exhaust
- ✓ Heavy duty flex bellows
- ✓ Emission control (Diesel Particulate Filters)
- ✓ Thermal blankets
- ✓ Sound attenuation
- ✓ Installation

Mammoth Equipment and Exhausts offer tailored solutions to a variety of energy installations.

- ✓ Our hands on Development team are on the front-line.
- ✓ Renowned quality and competitive prices.
- ✓ Customised requirements
- ✓ Prompt and convenient delivery

Developed and supported by 40 years of experience.

Direct Fit Replacement Components

Heavy duty diesel exhaust solutions for any machine, anywhere.

Mammoth Equipment and Exhausts manufacture and deliver heavy duty diesel exhaust systems and components that are Guaranteed to fit and built to last.

- ✓ Direct fit replacement
- ✓ Customised builds
- ✓ Kit packages
- ✓ Design improvements
- ✓ OEM build packages
- ✓ Customised rebuild kits

Mammoth Equipment and Exhausts supports its quality and comprehensive range with;

- ✓ 3D labelled schematics
- ✓ Cross reference and part numbering
- ✓ Sure fit guarantee
- ✓ Prompt and convenient delivery
- ✓ Strategic stock holdings

Sound Attenuation

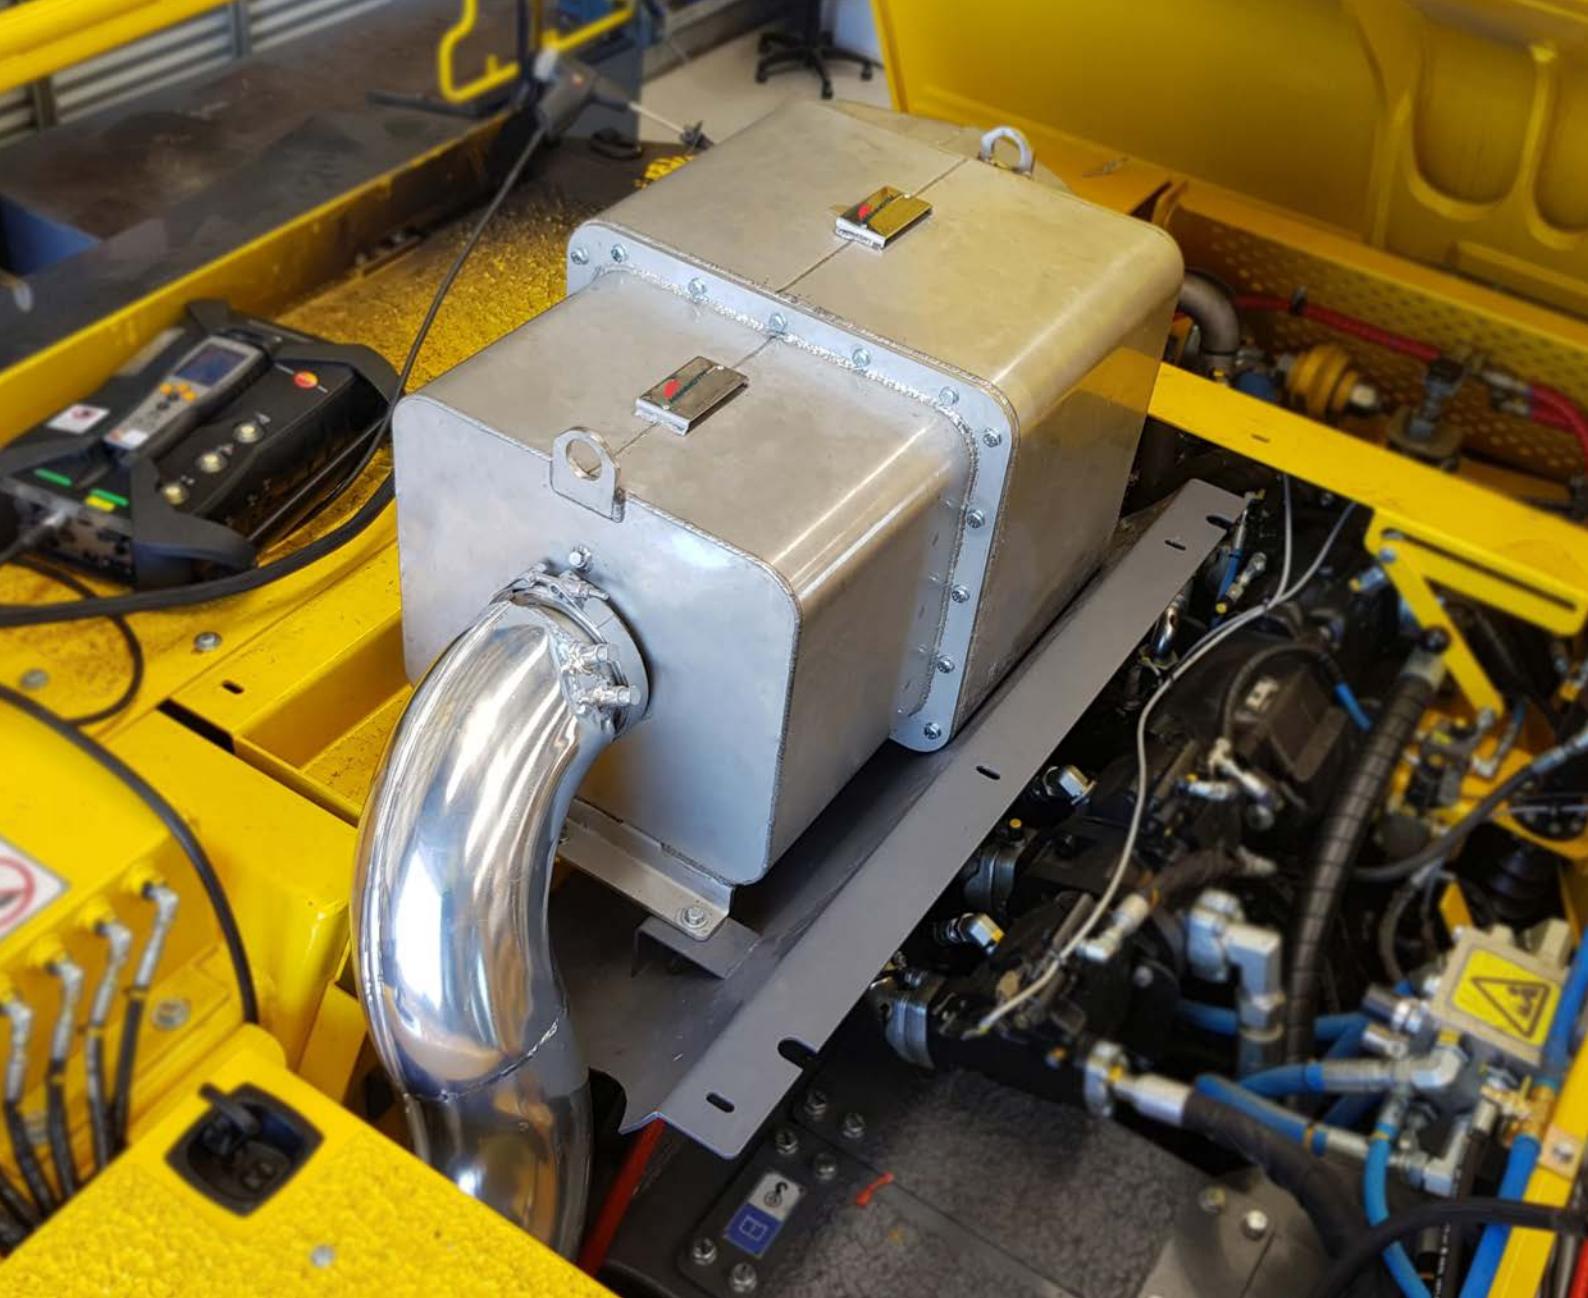

Specialist supplier of sound suppression and attenuation.

Mammoth Equipment and Exhausts design, manufacture and deliver tailored heavy duty sound suppression packages.

- ✓ Customised builds
- ✓ Kit packages
- ✓ Design improvements
- ✓ Mufflers and panels
- ✓ Integrated with Diesel Emission Systems

Mammoth Equipment and Exhausts supports its quality and comprehensive range with;

- ✓ 3D labelled schematics
- ✓ Part numbering
- ✓ Sure fit guarantee
- ✓ Prompt and convenient delivery
- ✓ Installation

Emission Technologies

Leading the industry in after treatment devices for Diesel particulate matter.

Mammoth Equipment and Exhausts is one-stop supplier for Diesel Particulate Filters and emissions control offering;

- ✓ DPFs designed to suit specific equipment requirements, considering; size, soot-loading rate and engine spec.
- ✓ DPF Cleaning and Refurb Service
- ✓ Alternate Filter Technology to suit vehicle specifications
- ✓ Emissions Testing, Consulting and Reporting

Mammoth Equipment and Exhausts supports its quality and comprehensive range with;

- ✓ 3D labelled schematics
- ✓ Part numbering
- ✓ Sure fit guarantee
- ✓ Prompt and convenient delivery
- ✓ Installation
- ✓ Back pressure and data logger kits

Thermal Exhaust Blankets

Innovation powered by Safety in Design

After years of progressive innovation the PyroGard thermal blanket has developed superior insulation for use in all high temperature areas where the demand for reduction in surface temperature is of the upmost importance.

- ✓ Customised builds
- ✓ Kit packages
- ✓ Design improvements
- ✓ Comprehensive range to suit specific applications
- ✓ OEM Build packages
- ✓ Customised rebuild kits

Mammoth Equipment and Exhausts supports its quality and comprehensive range with;

- ✓ 3D labelled schematics
- ✓ Cross referencing and part numbering
- ✓ Sure fit guarantee
- ✓ Prompt and convenient delivery
- ✓ Installation
- ✓ Fitting instructions

Mammoth Air Intake Division

Heavy duty air intake solutions for any machine, anywhere.

Mammoth Equipment and Exhausts manufacture and deliver heavy duty air intake systems and components that are Guaranteed to fit and built to last.

- ✓ Direct fit replacement
- ✓ Customised builds
- ✓ Kit packages
- ✓ Design improvements
- ✓ OEM build packages
- ✓ Customised rebuild kits

Mammoth Equipment and Exhausts supports its quality and comprehensive range with;

- ✓ 3D labelled schematics
- ✓ Cross reference and part numbering
- ✓ Sure fit guarantee
- ✓ Prompt and convenient delivery
- ✓ Strategic stock holdings

Adblue® / Diesel Exhaust Fluid

Australia's most convenient and competitive certified AdBlue®

Mammoth's Ecoblue, commonly known as AdBlue® or Diesel Exhaust Fluid is a mixture of Urea and Demineralised water, manufactured to meet ISO22241 certified standards. Ecoblue offers;

- ✓ Quality assurance, total peace of mind
- ✓ Standard storage and handling solutions
- ✓ Standard package solutions – 20L, 210L, 1000L IBC
- ✓ Customised storage and delivery solutions
- ✓ Bulk Supply Australia wide

Mammoth Equipment and Exhausts supports the Ecoblue range with

- ✓ ISO22241
- ✓ User management systems
- ✓ Custom tank design features
- ✓ Remote monitoring
- ✓ Managed delivery systems
- ✓ Plug and play storage and dispensing equipment
